

My Learning Fusion – Release 4.1 (Helix)

Welcome to the official release notice for Version 4.2 ‘Helix’ where we have made some much-requested changes.

You can share these release notes using the URL below:

http://mylearningltd.com/documents/Release_V4-2.pdf

As always, we welcome feedback for ideas, improvements and testing from everyone within the community. You can provide feedback within your product by clicking “Create a ticket” at the lower left of your system once logged in.

We hope you enjoy this edition, and look forward to the next edition entitled “Cygnus”, available Summer 2018.

If you missed our earlier releases of Fusion VLE and want a quick catch up of features so far, use the links below.

New Features

PASSWORD CHANGES

The password policy on My Learning's Fusion platform has changed to assist schools to comply with GDPR legislation in Europe.

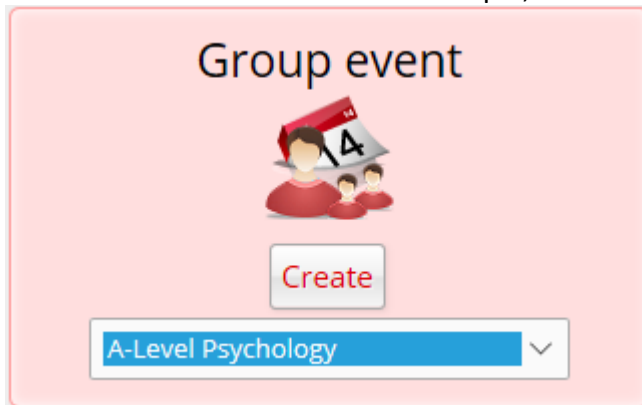

- Any Administrator will have the ability to create a password policy for the platform.
- Any user that has a password that has been generated by My Learning, will be prompted to change their password to comply with the password policy that is set.
- Anyone who subsequently changes their password will have to comply with the current password policy.
- If the password policy says that students cannot change their password, they will not be prompted to do so.

These changes do not apply to schools that have implemented ADFS single sign-on.

ATTACH A FILE TO A CALENDAR EVENT

It is now possible to attach a file to a calendar event.

1. Click to create an event. In this example, a teacher is creating a group event for a class of students

2. Enter the event details and click 'Add resource' to attach a file, then click 'add group event'.

You are creating events for a group of users (**A-Level Psychology**)

EASIER METHOD FOR PARENTS TO ADD A CHILD TO THEIR PARENT ACCOUNT

Until now, to add a new child to an existing parent account, parents would need the master username and password of that child, provided to them from the school. We have added an additional option, to allow a parent to enter their child's Mobile Access key, as provided to them by their own child.

Parent asks child to log into their VLE and go to their "Mobile Access" page

Parent logs in to the Parent Portal and clicks "Add child"

Method 2: Mobile Access key

Please ask your child to log into their VLE and go to their Mobile Access page.

Enter their Mobile Access key into the boxes below.

 -

Example: sc12345abc - 54765

Parent enters the Mobile Access key provided by their child and clicks "Continue"

Choose account

Your e-mail address is registered to the following student accounts.

Click on an account to access their school information.

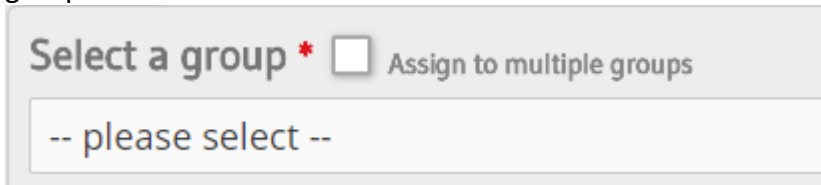

Name	Last child login
Georgia Fry	07/05/2018
William Brookes	08/05/2018

Add another child

Child is added

SET HOMEWORK FOR MULTIPLE GROUPS

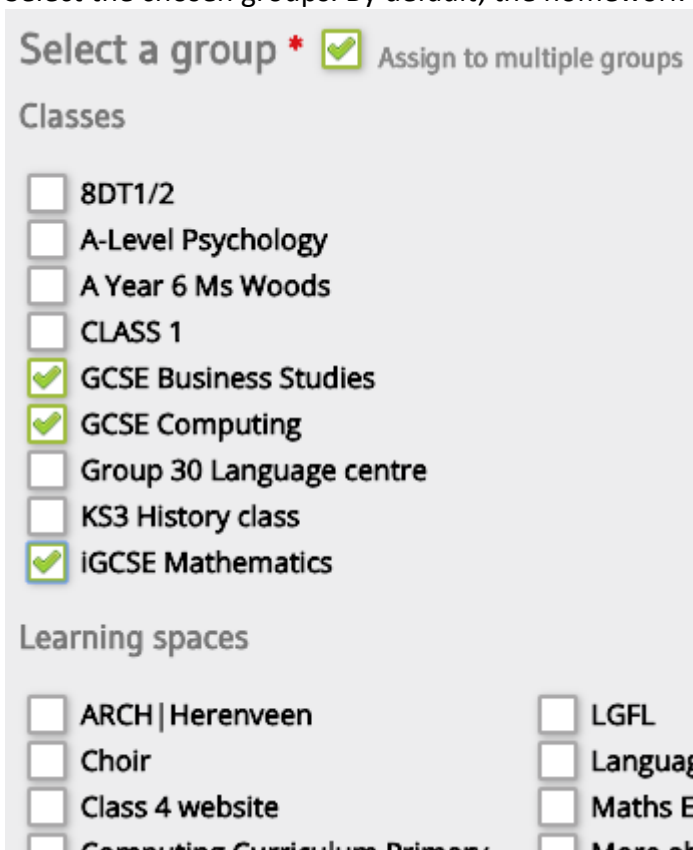

When a teacher sets homework, there is now a tick box option to assign this homework to multiple groups.

Select a group * Assign to multiple groups

-- please select --

You are then presented with a tick-list of all classes and learning spaces that you are a manager of. Select the chosen groups. By default, the homework will be assigned to all learners in these groups.

Select a group * Assign to multiple groups

Classes

- 8DT1/2
- A-Level Psychology
- A Year 6 Ms Woods
- CLASS 1
- GCSE Business Studies
- GCSE Computing
- Group 30 Language centre
- KS3 History class
- iGCSE Mathematics

Learning spaces

- ARCH | Herenveen
- Choir
- Class 4 website
- Computing Curriculum Primary

- Language
- Maths E
- More ab

Proceed to complete the details of the homework.

The homework will be generated as a separate homework item for each of the selected groups.

Any manager in each of the groups will be able to manage the homework for their group.

APPLYING MODULES TO SELECTED YEAR GROUPS

In the module manager you can apply any module to selected year groups:

Go to 'Manage' > 'Module manager'

Next to your chosen module there is an icon

Homework manager

(Homework)

Provides the ability to set homework throughout the system

Select the year groups you want to use this module and click 'Update'

year 4

Next Release

Version 5 of Fusion is entitled "Cygnus" and will be available during Summer 2018.

Notable items for this release will be:

- Extra Curricular Activity Service – A newly enhanced module which will allow your school to manage and communicate with Parents regarding all aspects of ECA and Out-Of-School requirements.
- Native Mobile App – The initial release of our IOS and Android dedicated smartphone apps allowing a much richer and more immersive mobile experience of Fusion.
